COUNTY OF LOS ANGELES
SHERIFF'S DEPARTMENT

INVESTIGATIVE SUMMARY
SIGNIFICANT USE OF FORCE

INCIDENT: Use of Force; Take Down/Personal Weapons/Impact Weapons/Taser

DATE / TIME: August 25, 2008, 1225 hours

LOCATION: Men's Central Jail, Modules 3100 & 3300

URN#: 008-01074-5100 & 008-01067-5100-057

IAB#: FO2227870

On August 25, 2008, the Internal Affairs Bureau Force and Shooting Response Team responded to Men's Central Jail after being notified of the use of ***Significant Force.*** The roll-out team consisted of Sergeant Benjamin Garcia and Sergeant David Flores, under the supervision of Lieutenant Alicia Ault.

SYNOPSIS:

At approximately 1225 hours, an inmate disturbance/riot situation occurred in modules 3100 and 3300 after an inmate was forcibly removed from module 3100 for assaulting two deputies. Several inmates shouted out profanities at responding deputies as well as changelings the deputies to fight with the inmates. The inmates threw pieces of porcelain and other objects at the responding personnel. Several inmates also flooded their cells by clogging their toilets with debris

As a result of the inmate's actions, each inmate in modules 3100 and 3300, approximately 50 inmates, were given the opportunity to surrender without further incident. All, but twenty, agreed to step out of their cells to be handcuffed and were removed without further incident. The remaining twenty inmates were forcibly removed when they refused to exit their cells and took combative/assaultive action at the extraction team members. Each of the combative inmates was classified as a[redacted], and was a or associated with the South Sider Mexican Gang. Per Sergeant Jeffrey Cale [Exhibit F], "Modules 3100 and 3300

housed '[redacted]' status inmates. Many of the inmates are on "[redacted]" status because of their propensity for violence towards other inmates, staff or both. The inmates in 3100 and 3300 are some of the most violent prisoners in the entire Los Angeles County Jail system.

Inmate injuries ranged from body/facial contusions/lacerations to broken facial/hand bones. One inmate suffered a dislocated elbow. Six deputies suffered injuries involving their knees, hands and back.

INVOLVED PERSONNEL: (All sworn personnel were assigned to Men's Central Jail and Twin Towers Correctional Facility) Please refer to the Supervisor's Report on Use of Force form for list of involved deputies.

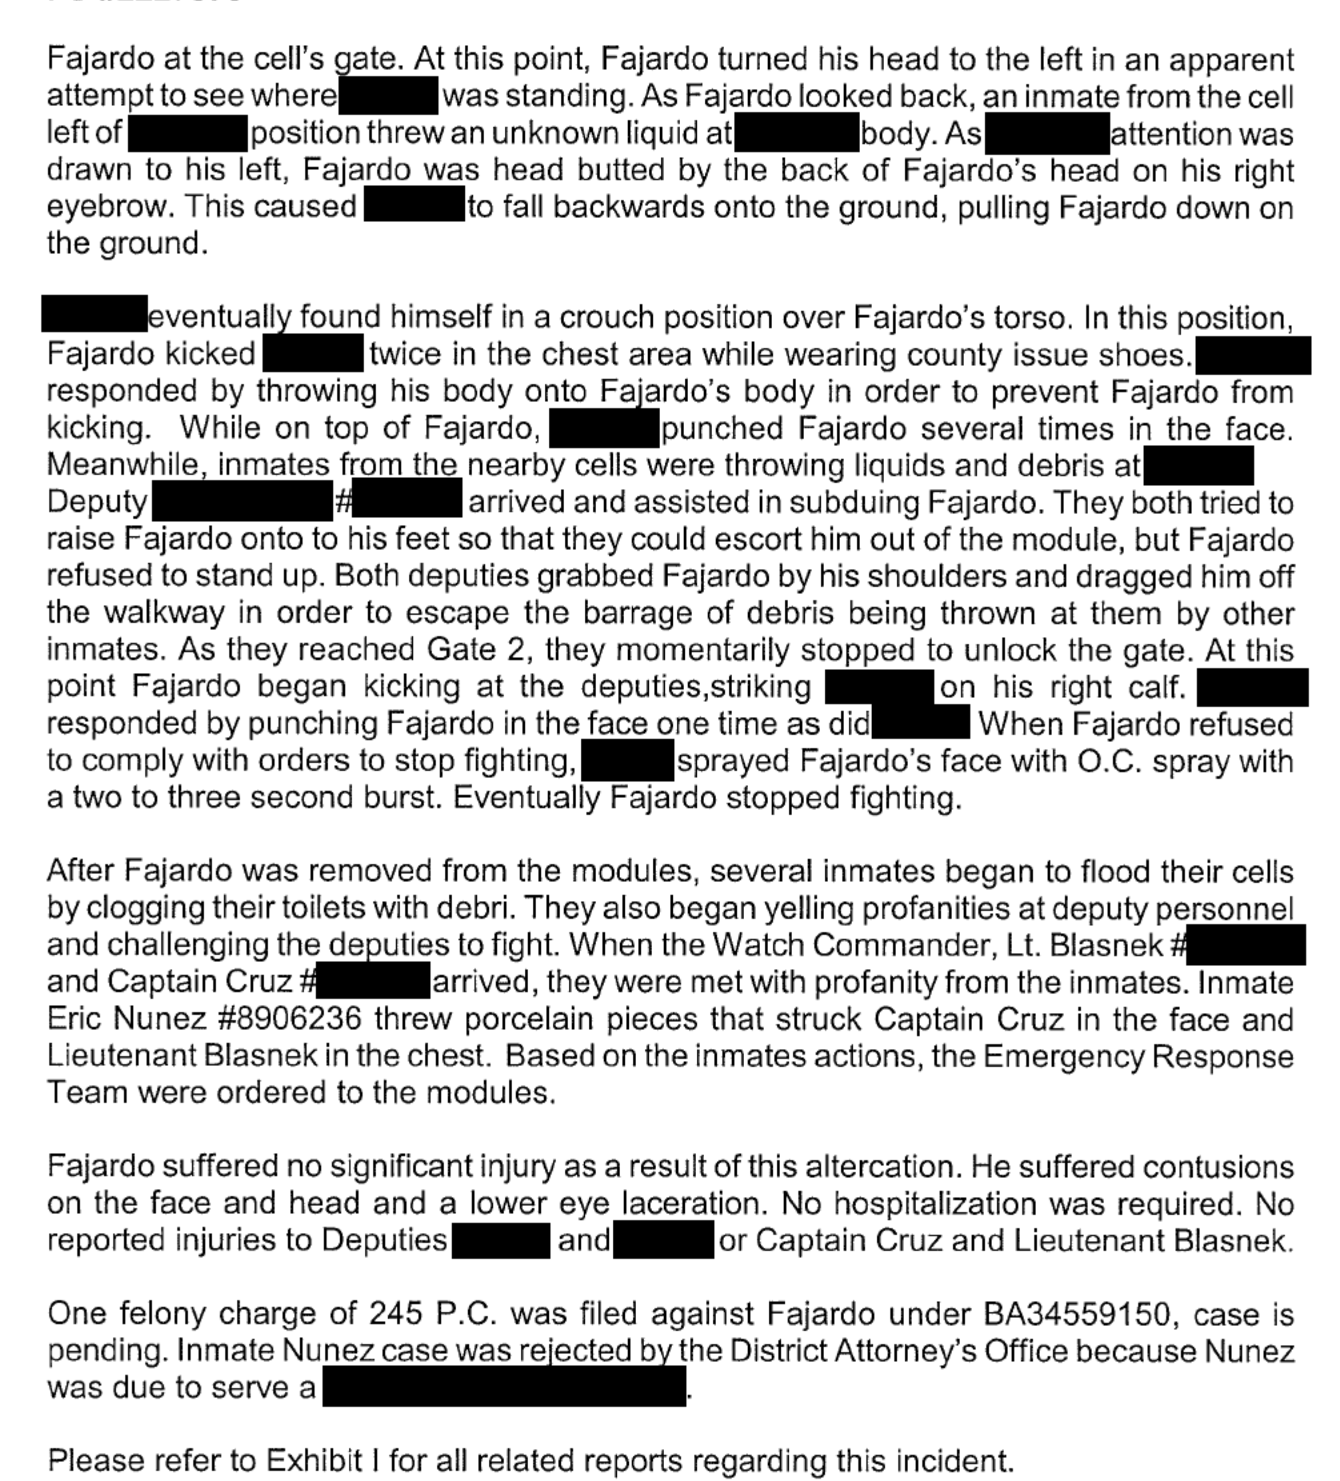

INVOLVED INMATES: (All inmates were assigned to MCJ, Modules 3100 & 3300) Please refer to the Supervisor's Report on Use of Force form for list of involved inmates.

BACKGROUND INFORMATION:

According to **Deputy** [redacted] he was escorting Inmate Johnathan Fajardo #9349649 back from the law library to Module 3300. Fajardo was in waist chain with his hands handcuffed behind his back. As they arrived at Gate 2 of Modules 3100/3300, Fajardo positioned himself directly in front of the key hole of the gate. [redacted] ordered Fajarado twice to move away from the key hole, but the inmate ignored his orders. [redacted] attempted to move Fajardo to the left by using his left arm so that he could access the door lock. Fajardo responded by deliberately pushing his body up against [redacted] body, causing [redacted] to lose his balance which he regained by stepping back with his right foot.

Fearing that Fajardo was about to become combative/violent, [redacted] pushed Fajardo up against the gate and told him to relax. Fajardo instead used his body to push himself off the gate against [redacted] and attempted to break free from Roach's grasp. At this point, Roach decided to guide Fajardo to the ground in order to prevent any further assaults from Fajardo. While on the ground, [redacted] placed his knee on Fajardo's back in order to control Fajardo's movements and to prevent any further assaults. While holding Fajardo down on the ground, [redacted] was able to calm Fajardo down and proceed to escort him back to his cell.

While [redacted] was escorting Fajardo to his cell, all of the inmates began to yell profanities at [redacted] and encouragement to Fajardo in order to incite a physical confrontation between the two. As they reached Fajardo's assigned cell [Able 18], [redacted] stood directly behind

Fajardo at the cell's gate. At this point, Fajardo turned his head to the left in an apparent attempt to see where [redacted] was standing. As Fajardo looked back, an inmate from the cell left of [redacted] position threw an unknown liquid at [redacted] body. As [redacted] attention was drawn to his left, Fajardo was head butted by the back of Fajardo's head on his right eyebrow. This caused [redacted] to fall backwards onto the ground, pulling Fajardo down on the ground.

[redacted] eventually found himself in a crouch position over Fajardo's torso. In this position, Fajardo kicked [redacted] twice in the chest area while wearing county issue shoes. [redacted] responded by throwing his body onto Fajardo's body in order to prevent Fajardo from kicking. While on top of Fajardo, [redacted] punched Fajardo several times in the face. Meanwhile, inmates from the nearby cells were throwing liquids and debris at [redacted] Deputy [redacted] # [redacted] arrived and assisted in subduing Fajardo. They both tried to raise Fajardo onto to his feet so that they could escort him out of the module, but Fajardo refused to stand up. Both deputies grabbed Fajardo by his shoulders and dragged him off the walkway in order to escape the barrage of debris being thrown at them by other inmates. As they reached Gate 2, they momentarily stopped to unlock the gate. At this point Fajardo began kicking at the deputies,striking [redacted] on his right calf. [redacted] responded by punching Fajardo in the face one time as did [redacted] When Fajardo refused to comply with orders to stop fighting, [redacted] sprayed Fajardo's face with O.C. spray with a two to three second burst. Eventually Fajardo stopped fighting.

After Fajardo was removed from the modules, several inmates began to flood their cells by clogging their toilets with debri. They also began yelling profanities at deputy personnel and challenging the deputies to fight. When the Watch Commander, Lt. Blasnek # [redacted] and Captain Cruz # [redacted] arrived, they were met with profanity from the inmates. Inmate Eric Nunez #8906236 threw porcelain pieces that struck Captain Cruz in the face and Lieutenant Blasnek in the chest. Based on the inmates actions, the Emergency Response Team were ordered to the modules.

Fajardo suffered no significant injury as a result of this altercation. He suffered contusions on the face and head and a lower eye laceration. No hospitalization was required. No reported injuries to Deputies [redacted] and [redacted] or Captain Cruz and Lieutenant Blasnek.

One felony charge of 245 P.C. was filed against Fajardo under BA34559150, case is pending. Inmate Nunez case was rejected by the District Attorney's Office because Nunez was due to serve a [redacted].

Please refer to Exhibit I for all related reports regarding this incident.

INVESTIGATION:

Each inmate was given the opportunity to allow themselves to be handcuffed and removed from their cells in an orderly and a peaceful manner. Twenty of approximately fifty inmates refused to comply with orders to surrender in an apparent display of gang solidarity to Inmate Fajardo's treatment at the hands of Deputies [redacted] and [redacted] The inmate extractions were performed by four extraction teams from MCJ and one extraction team from Twin Towers Correctional Facility [TTCF]. Each of the extractions were supervised by a sergeant and was video taped [Exhibit N]. Prior to the extractions, each team was thoroughly briefed regarding the situation by ther on duty watch commander.

Prior to each extraction the inmate was again given the opportunity to peacefully surrender and allow themselves to be handcuffed. All of the extracted inmates refused and barricaded themselves at the rear of cells with their mattresses used as shields. The inmate cells are in an L-shape configuration and the inmates would position themselves in an alcove area behind a wall that separates the area from their bunks. Their cells measure approximately 72 inches wide and 108 inches long. Each cell contained a table with an attached stool, a 72 inch long bunk platform that extends from the front of the cell toward the rear. The alcove behind the bunk wall to the rear wall of the cell measures approximately 36 inches and has a 12 inch table extending from the rear wall. On the opposite corner there is a toilet. Please refer to Exhibit M for a cell diagram as well as for the module diagram.

Each cell entry was proceeded by deploying 40mm stinger rounds into the cell as well as deploying a stingball grenade. These devices were deployed to keep the inmate distracted/pinned down at the rear of their cells as the extraction team entered the cell. Each extraction team was made up of a shield deputy, 3-4 capture deputies and a taser deputy, under the direct supervision of a sergeant.

Each of the extracted inmates refused to make any statements to the on-duty watch commander regarding their confrontation with deputies. Please refer to DVD of the inmates interviews on Exhibit O.

Team Sergeant Statements:

The following statements were taken from the Deputy Use of Force Reports that were written by each sergeant in describing the events of the inmate extractions their teams performed. For further information regarding the extraction deputies statement please refer to the specific Exhibit regarding each inmate.

1. Extraction of **Inmate Juan Sanchez #9320323** by MCJ A.M. Shift Red Extraction Team Supervised by Sergeant McGrattan [Exhibit C]:

"As the Red Extraction Team approached 3100 cell A-12, I advised the inmate inside (I/M Sanchez, Juan Bkg #9320323) that this was his last chance to allow himself to be handcuffed and come out peacefully. Inmate Sanchez refused to comply with my directions, stating, "Fuck you!". He made no attempt to come to the cell door to be handcuffed. I could see that the inmate was at the back of his cell and was holding his mattress to shield himself against any weapons we might deploy."

"Believing the suspect might have armed himself with a weapon, I directed Deputy [redacted] to fire 40mm Stinger rounds at him. Deputy [redacted] fired 4 stinger rounds at I/M Sanchez at the back of the cell, but they appeared to have no effect. The inmate again refused to surrender. I then directed Deputy [redacted] and Deputy [redacted] to each deploy one stingball simultaneously into the cell. After the stingballs had been deployed, I ordered the cell gate to be opened and directed Red Extraction Team deputies to enter the cell and take custody of the inmate."

"As the Deputies entered the cell, the inmate stood up and took a combative stance, facing the Deputies, to fight. Using their shields, Deputies [redacted] and [redacted] forced the inmate to the floor. While on the floor, the inmate then began punching and kicking, resisting the deputies efforts to handcuff him. I gave the inmate several orders to stop fighting with the Deputies and allow himself to be handcuffed. The inmate continued to be violent and fought. Deputy [redacted] punched I/M Sanchez 4 times in the face in an attempt to overcome his assault and resistance. Deputy [redacted] punched the inmate in the ribs 3-5 times, and punched him 2-3 times in the legs while he placed his right knee on the inmates back. Inmate Sanchez continued to resist and be assaultive. I ordered Deputy [redacted] and Deputy [redacted] to deploy their tasers. Deputy [redacted] tased Inmate Sanchez with a contact shot to his right leg. I directed Deputy [redacted] to also tase I/M Sanchez as he was still fighting violently. Deputy [redacted] activated the taser 4 times on the inmate's left calf (which had no effect) and 3 times to his lower back. I/M Sanchez was then handcuffed and pulled out of the cell and onto the A row walkway."

"While on the walkway, I/M Sanchez began to fight again, violently kicking his legs and elbows, and twisting his body. Deputy [redacted] struck I/M Sanchez 5 times in the face with his right fist, and struck him with his right elbow twice in the face and 3 times to the right side of the inmate's head. Deputy [redacted] then did 2 knee strikes to the upper body while taking the inmate down to the floor. Deputy [redacted] gave I/M Sanchez a knee strike to the right calf. Deputies then regained control of I/M Sanchez and at my direction, pulled I/M Sanchez off the row and out onto the 3000 floor hallway. The entire Red Extraction Team exited the row and went out to the 3000 floor hallway."

I could see that the inmate had covered himself with his mattress to shield himself against any weapons we might deploy."

"Believing the suspect might have armed himself with a weapon, I directed Deputy [redacted] to fire 40mm Stinger rounds at him. Deputy [redacted] fired 5 stinger rounds at I/M Nunez' legs and feet, but they appeared to have no significant effect. The inmate again refused to surrender. I then directed Deputy [redacted] to deploy one stingball into the cell. After the stingball had been deployed, I ordered the cell gate to be opened and directed Red Extraction Team deputies to enter the cell and take custody of the inmate.""As the Deputies entered the cell, the inmate stood up and took a combative stance, facing the Deputies, to fight. Shield Deputies [redacted] and [redacted] pushed the inmate against the back of the cell and took him down to the floor. While on the floor, the inmate then began punching and kicking, resisting the deputies efforts to handcuff him. I gave the inmate several orders to stop fighting with the Deputies and allow himself to be handcuffed. The inmate continued to be violent and fought. The Deputy [redacted] punched the inmate in the stomach in an attempt to overcome his assault and resistance. Deputy [redacted] gave 2 knee strikes to I/m Nunez' upper body. I could see the inmate had situated himself in the rear of the cell, near the toilet, and had placed his mattress over himself as a means of defense and concealment. He was approximately ten feet away from the cell gate. I ordered Inmate Singleton to submit to handcuffing. He stayed behind his barricade and did not acknowledge me."

"Due to the fact I could not see what the inmate was doing behind the shield and the possibility he might be armed with a jail made weapon, I directed Deputy [redacted] to fire four stinger rounds from his 40mm Multi-Launcher. The stinger rounds were used as a diversionary device. Deputy [redacted] banked the rounds off of the cell ceiling towards Inmate Gonzalez's lower torso. The rounds appeared to have no physical effect. Inmate Gonzalez remained at the rear of his cell, behind his mattress. I ordered Deputy [redacted] to employ a sting ball grenade into the cell. The sting ball grenade is also used a diversionary device to allow deputies to safely enter the cell."

"As soon as the sting ball grenade exploded, Deputies [redacted] and [redacted] entered the cell. Deputy [redacted] was armed with the entry shield and was the first one in. He pinned Inmate Gonzalez to the rear cell wall. Deputy [redacted] pulled Inmate Gonzalez' legs from underneath him. As Inmate Gonzalez was being taken to the ground, Deputy [redacted] saw a white object in the inmate's hand. He told the other deputies that the inmate was armed. Deputy [redacted] also saw the object and also alerted the other deputies. The deputies believed that the object was a piece of porcelain that the inmate would use as a weapon. Inmate Gonzalez began to throw punches and kick the deputies. To stop the assault, Deputy [redacted] punched Inmate Gonzalez on his face two to three times and on the upper torso four to five times. Inmate Gonzalez rolled over onto his stomach and tucked his arms underneath him. Deputy [redacted] attempted to pull one of Suspect Gonzalez' arms from underneath him. Suddenly, Inmate Gonzalez reached out and grabbed Deputy [redacted] leg. Deputy [redacted] feared Inmate Gonzalez would use a weapon against Deputy [redacted] or pull him to the floor. Deputy [redacted] punched him two to three more times on the upper torso to stop his assault. Deputy [redacted] fearing he may be assaulted or pulled to the ground, kicked Inmate Gonzalez' 5 to 6 times on his back. Deputy [redacted] was able to pull his foot away from Inmate Gonzalez. Inmate Gonzalez continued to fight by punching at the deputies. Deputy [redacted] placed his knee on Inmate Gonzalez' lower torso and punched him five to seven times on his upper torso to stop his assaultive behavior. I ordered Inmate Gonzalez' to stop fighting. I directed Deputy [redacted] to drive stun Inmate Gonzalez to stop his assault. Deputy [redacted] drive stunned Inmate Gonzalez two times on his upper chest area. Inmate Gonzalez continued to fight and struggle with deputies. Deputy [redacted] handed his taser to another deputy

and assisted with the hand cuffing. Deputy [redacted] grabbed on to one of the Inmate's arms. He continued to swing the other arm and kicked his legs. Deputy [redacted] delivered one kick to Inmate Gonzalez' leg to stop his kicking."

"Inmate Espinoza was hand cuffed and removed from the cell. He was escorted to the triage area."

12. Extraction of **Inmate Arutuan Khryan #7736773** by the MCJ A.M. Shift Green Extraction Team Supervised by Sergeant Washington [Exhibit A]:

"Members of the Green Extraction Team and I were directed by Lt. Blasnek to conduct an extraction of Inmate Khryan, housed in 3300-B-cell 6. Upon entering B-row, we staged outside of cell 6. I could hear Sergeant Velasco negotiating with the inmate inside of the cell, attempting to get him to submit to being handcuffed in a peaceful manner. Sergeant Velasco advised me the inmate was uncooperative and negotiations had failed."

"I positioned the Green Extraction Team outside of the cell door. I could see the inmate squatting down in the left corner of the cell. I gave several commands to the inmate to surrender. He refused to comply and remained in a squatted position."

"I was unable to see the inmate's hands therefore, I believed there was a possibility he was armed with a weapon. I directed Deputy [redacted] (#[redacted]) to deploy a 40mm stinger round from the 40mm Multi-Launcher into the cell."

"The stinger round struck the inmate in the upper torso but he remained in the corner of the cell refusing to surrender. I directed Deputy [redacted] to fire another 40mm round, however, the launcher malfunctioned and the deputy was unable to deploy another round. I immediately ordered Deputy [redacted] (#[redacted]) to deploys stingball into the cell. Once the stingball was deployed I ordered the cell gate be opened and directed Shield Deputies Frazier (#[redacted]) and Orlandos (#[redacted]) as well as Capture Deputy Graham (#[redacted]) to enter the cell and take custody of the inmate."

"As the deputies entered the cell, the inmate ducked underneath the shield and began aggressively grabbing at the deputy's legs causing Deputy Frazier to drop the shield. The inmate was forced to the ground. Once face down on the floor, the inmate pulled his hands beneath his body and began to violently twist and turn his body from side to side. It was possible he was attempting to arm himself with fragments of broken porcelain lying

on the floor of the cell or another type of jail manufactured weapon hidden on his person. I gave several commands for him to stop resisting; he refused to comply."

"Deputies used their hands, elbows, knees, and feet as personal weapons against the inmate striking him several times in the face, upper torso, and legs."

"This was done in an attempt to overcome his aggressive state and gain compliance. Their attempts failed and the inmate continued to resist."

"I directed Deputy [redacted] (#[redacted] to deploy the taser on the inmate to gain compliance and put an end to his resistance. Deputy [redacted] delivered a drive stun tase to the inmate's legs, however, he continued to resist and refused to give up his hands. After 3-5 drive stun tases to the legs combined with several punches, knee strikes, and elbow strikes to the body, face, and legs the inmate stopped struggling. Deputies were able to force his hands from under his body and place them behind his back. He was then handcuffed and removed from the cell. The entire Green Extraction Team exited the row without further incident."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

13. Extraction of **Inmate Raymond Rangel #1541238** by the MCJ A.M. Shift Green Extraction Team Supervised by Sergeant Washington [Exhibit A]:

"Our next extraction was conducted on Inmate Rangel who occupied 3100-A-cell 13. Sergeant Mendoza advised me the inmate was uncooperative and negotiations with him for a peaceful surrender had failed."

"I positioned the Green Extraction Team outside of the cell door. I could see Inmate Rangel standing in the rear of his cell. I gave him several more verbal orders to surrender. He refused to comply and shouted, "Fuck You!""

"I directed Deputy [redacted] to deploy the 40mm Multi-Launcher. Deputy [redacted] fired three stinger rounds striking the inmate in the upper body. I directed Deputy [redacted] to deploy a sting ball into the cell. Upon detonation, we immediately entered the cell to extract Inmate Rangel."

"The inmate was squatting in the corner of the cell near his bunk. As soon as deputies came in contact with the inmate, he attempted to dive underneath the bunk. The inmate placed both of his arms under the bunk as if he were reaching for a weapon. The deputies attempted to pull him from under the bunk but he began kicking and resisting

the deputies efforts to handcuff him. I ordered the inmate to stop fighting but he continued to be noncompliant. The inmate grabbed Deputy Frazier's legs. The deputies kicked the inmate's legs, body, and back and punched his face several times before I directed deputies to deploy the taser. Deputy [redacted] delivered several drive stun tases to the inmate's lower back and buttocks, however, the inmate continued to resist and refused to give up his hands. Deputy [redacted] delivered a 3-5 second burst from the second taser to the inmate's legs which enabled the deputies to overcome Inmate Rangel's resistance. The inmate was handcuffed and escorted off the row without further incident."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

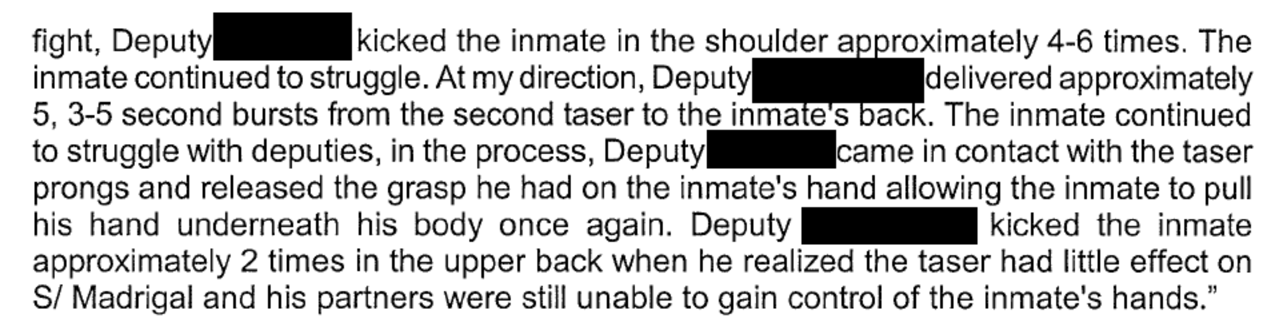

14. Extraction of **Inmate Andres Madrigal #1542234** by the MCJ A.M. Shift Green Extraction Team Supervised by Sergeant Washington [Exhibit A]:

"Our next extraction was conducted on Inmate Madrigal, who occupied 3100, A row, cell 16. Sergeant Mendoza advised me negotiations had failed. The Green Extraction Team staged outside of the cell. I gave the inmate several more opportunities to submit to handcuffing. I could see that the inmate had barricaded himself in the corner of the cell and placed a mattress in front of him as a shield."

"I directed Deputy [redacted] to fire a stinger round from his 40mm Multi-Launcher into the cell. He fired three rounds striking the mattress (shield) which had no effect on the inmate. I directed Deputy [redacted] to deploy a sting ball into the cell. Upon detonation, we entered the cell to extract the inmate."

"As soon as the deputies made contact with S/ Madrigal, he ran toward them in an effort to tackle them. He started kicking and fighting with the deputies but they were able to take the inmate to the ground. During the altercation, the inmate kicked Deputy Frazier in the legs causing him to stumble, attempted to bite Deputy Cano's hand, and grabbed Deputy Orlandos' leg. The inmate continuously flailed his arms and legs striking the deputies numerous times avoiding their efforts to restrain him. He eventually pulled his hands underneath his body. Based on the fact that the inmate could have produced a weapon from his waistband or the floor of the cell, the deputies kicked, kneed, punched and elbowed various areas of the inmate's body to overcome his resistance and prevent any further assaults on deputy personnel. Inmate Madrigal continued to fight.

"In an effort to stop S/ Madrigal's assault, I directed Deputy [redacted] to tase S/ Madrigal, Deputy [redacted] delivered approximately 6-8 drive stun tases to the inmate's upper back. Realizing the taser had no effect on the inmate due to the inmate's continuous efforts to

fight, Deputy [redacted] kicked the inmate in the shoulder approximately 4-6 times. The inmate continued to struggle. At my direction, Deputy [redacted] delivered approximately 5, 3-5 second bursts from the second taser to the inmate's back. The inmate continued to struggle with deputies, in the process, Deputy [redacted] came in contact with the taser prongs and released the grasp he had on the inmate's hand allowing the inmate to pull his hand underneath his body once again. Deputy [redacted] kicked the inmate approximately 2 times in the upper back when he realized the taser had little effect on S/ Madrigal and his partners were still unable to gain control of the inmate's hands."

"Even though the taser had limited effect, the combined efforts of all deputies involved eventually allowed them to overcome the inmate's intense resistance, handcuff him, and remove him from the cell without further incident."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

15. Extraction of **Inmate Juan Trinidad #1032952** by the MCJ A.M. Shift Green Extraction Team Supervised by Sergeant Washington [Exhibit B]:

"Our final extraction occurred on 3100, A row, Cell 23, occupied by Inmate Trinidad. After negotiations between the inmate and Sergeant Mendoza failed, and he refused to surrender, we were directed to conduct the extraction."

"I positioned the Green Extraction Team outside of the cell door. I could see Inmate Trinidad kneeling behind a county issued mattress near the rear of his cell facing forward. I gave him several verbal orders to surrender but he refused to comply."

"I directed Deputy [redacted] to deploy the 40mm Multi-Launcher. Deputy [redacted] fired four stinger rounds which struck the mattress and had no affect on the inmate. I directed Deputy [redacted] to deploy a sting ball into the cell. Upon detonation, we entered the cell to extract Inmate Trinidad."

"As deputies approached, the inmate immediately dropped the mattress and began throwing porcelain hitting Deputy Frazier's shield. The inmate then put his hands up as if he were going to fight and quickly charged at deputy Frazier simultaneously making stabbing motions with his left hand as if he had a weapon. Deputy Frazier punched the inmate approximately four times in the face to stop the attack but the inmate shoved the deputy back causing him to stumble. Deputy Frazier was unable to gain control of the inmate's arms at which time the inmate reached over Deputy Frazier and grabbed Deputy Orlandos' helmet forcefully pushing his head down. Deputies Cano, Orlandos, and [redacted] were able to take the inmate to the ground. They delivered numerous

punches, kicks, knees, and elbows to the inmate's head, face, and upper body in an effort to retrieve the weapon from the inmate's hand as well as gain compliance and stop I/M Trinidad's assaultive behavior. The inmate continuously attempted to stand up and refused to comply with deputies orders to stop fighting."

"Deputy [redacted] delivered several drive stun tases to the inmate's upper back and shoulders, however, the inmate continued to resist and refused to give up his hands. Deputy [redacted] delivered a 3-5 second burst to the inmate's back from the second taser. During the altercation Deputy [redacted] inadvertently came in contact with the taser prongs causing him to lose control of the suspect once more. He delivered 7-9 more elbow and knee strikes to the inmate's upper body before I/M Trinidad surrendered his hands for cuffing without further incident."

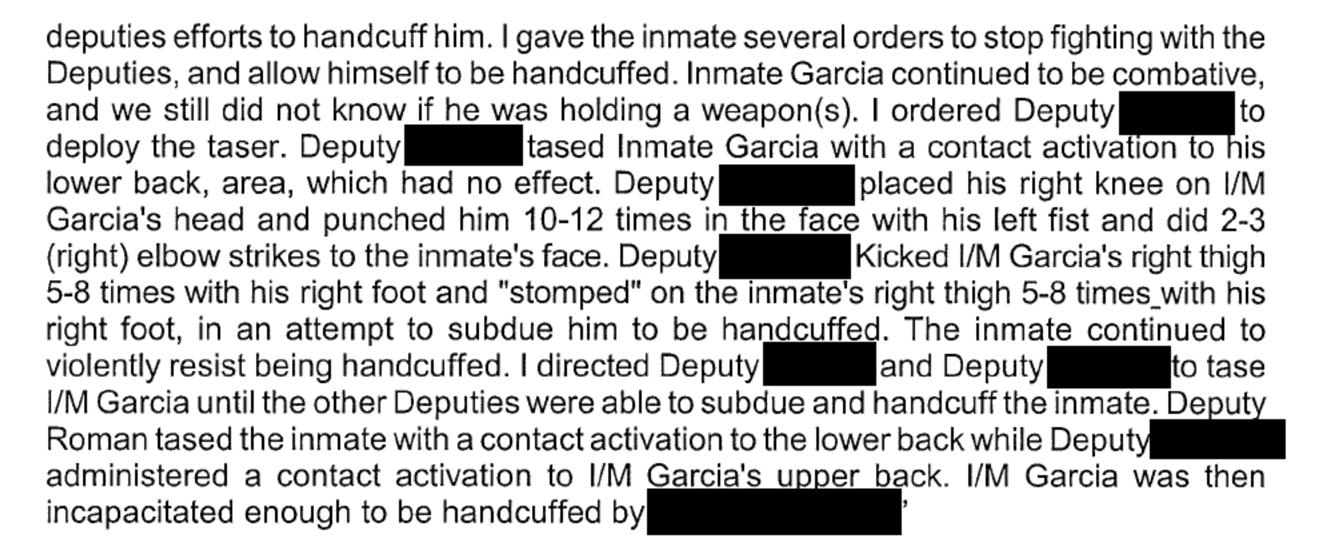

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

16. Extraction of **Inmate Johnny Garcia #1453587** by the MCJ A.M. Shift Red Extraction Team Supervised by Sergeant McGrattan [Exhibit C]:

"As the Red Extraction Team approached 3100 cell A-20, I advised the inmate inside (I/M Garcia, Johnny Bkg #1453587) that this was his last chance to allow himself to be handcuffed and come out peacefully. Inmate Garcia refused to comply with my directions, stating, "Fuck you!". He made no attempt to come to the cell door to be handcuffed. I could see that the inmate had covered himself with his mattress to shield himself against any weapons we might deploy."

"Believing the suspect might have armed himself with a weapon, I directed Deputy [redacted] to fire 40mm Stinger rounds at him. Deputy [redacted] fired 4 stinger rounds at I/M Nunez, but they appeared to have no effect. The inmate continued refusing to surrender. I then directed Deputy [redacted] and Deputy [redacted] to each deploy one stingball into the cell. After the stingballs had been deployed, I ordered the cell gate to be opened and directed Red Extraction Team deputies to enter the cell and take custody of the inmate."

"As the Deputies entered the cell, the inmate stood up and took a combative stance, facing the Deputies, to fight. It was unknown if he had a weapon. Deputy [redacted] and Deputy [redacted] forcibly pushed the inmate down onto the floor. Deputy [redacted] gave approximately 3 (right) knee strikes to I/M Garcia's face and Deputy [redacted] gave 5 to 8 (right) knee strikes to the inmate's face. While on the floor, the inmate was resisting the

deputies efforts to handcuff him. I gave the inmate several orders to stop fighting with the Deputies, and allow himself to be handcuffed. Inmate Garcia continued to be combative, and we still did not know if he was holding a weapon(s). I ordered Deputy [redacted] to deploy the taser. Deputy [redacted] tased Inmate Garcia with a contact activation to his lower back, area, which had no effect. Deputy [redacted] placed his right knee on I/M Garcia's head and punched him 10-12 times in the face with his left fist and did 2-3 (right) elbow strikes to the inmate's face. Deputy [redacted] Kicked I/M Garcia's right thigh 5-8 times with his right foot and "stomped" on the inmate's right thigh 5-8 times with his right foot, in an attempt to subdue him to be handcuffed. The inmate continued to violently resist being handcuffed. I directed Deputy [redacted] and Deputy [redacted] to tase I/M Garcia until the other Deputies were able to subdue and handcuff the inmate. Deputy Roman tased the inmate with a contact activation to the lower back while Deputy [redacted] administered a contact activation to I/M Garcia's upper back. I/M Garcia was then incapacitated enough to be handcuffed by [redacted]'

"I/M Garcia was then removed from the cell and taken out onto the row. I/M Garcia was then escorted off the row. The entire Red Extraction Team then exited the row and went out to the 3000 floor hallway."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

17. Extraction of **Inmate Heriberto Rodriguez #8220127** by the MCJ A.M. Shift Red Extraction Team Supervised by Sergeant McGrattan [Exhibit F]:

"As the Red Extraction Team approached 3300 cell B-10, I advised the inmate inside (I/M Rodriguez, Heriberto Bkg #8220127) that this was his last chance to allow himself to be handcuffed and come out peacefully. Inmate Rodriguez refused to comply with my directions, stating, "Fuck you!". He made no attempt to come to the cell door to be handcuffed. I could see that the inmate had covered himself with his mattress to shield himself against any weapons we might deploy."

"Believing the suspect might have armed himself with a weapon, I directed Deputy [redacted] to fire 40mm Stinger rounds at him. Deputy [redacted] fired 5 stinger rounds at I/M Rodriguez, but they appeared to have no effect. The inmate again refused to surrender. I then directed Deputy [redacted] to deploy one stingball into the cell. After the stingball had been deployed, I ordered the cell gate to be opened and directed Red Extraction Team deputies to enter the cell and take custody of the inmate."

"As the Deputies entered the cell, the inmate stood up and took a combative stance, facing the Deputies, to fight. Deputy [redacted] punched I/M Rodriguez in the face twice with his right fist. Shield Deputy [redacted] pushed the inmate against the back of the cell and took him down to the floor. While on the floor, the inmate then began punching and kicking, fighting and resisting the deputies efforts to handcuff him. I gave the inmate several orders to stop fighting with the Deputies, and submit to being handcuffed. The inmate continued to be violent and fought. Deputy [redacted] punched the inmate in the stomach 2-3 times, and then applied pressure with his knuckle behind the inmate's right ear (pain compliance), in an attempt to overcome I/M Rodriguez' assault and resistance. I/M Rodriguez continued to fight. Deputy [redacted] struck the inmate twice in the face with his right hand. As deputies attempted to handcuff him, I/M Rodriguez tried to strike the deputies with his head. Deputy [redacted] then punched him twice on the back of the neck to subdue him. Deputy [redacted] gave 4-5 knee strikes to I/M Rodriguez' shoulder and head area, and 2-3 hammer-fist strikes to the back of his head. Deputy [redacted] then gave I/M Rodriguez 2-3 taser contact activations to the upper back and shoulder area. I/M Rodriguez continued to fight. Deputy [redacted] gave I/M Rodriguez 4-5 knee strikes to his ankles to control the inmate's legs from kicking. I ordered Deputy [redacted] to deploy the taser. Deputy [redacted] tased Inmate Nunez with a contact activation to his right leg. I directed Deputy [redacted] to continue tasing I/M Nunez until the other Deputies were able to overcome the inmate's resistance and handcuff him. The inmate was then handcuffed by Deputy [redacted] and pulled out of the cell onto the row by Deputy [redacted] The entire Red Extraction Team then exited the row and went out to the 3000 floor hallway."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

18. Extraction of **Inmate Armen Davtyan #1539430** by the MCJ A.M. Shift Red Extraction Team Supervised by Sergeant McGrattan [Exhibit C]:

"As the Red Extraction Team approached 3100 cell A-15, I advised the inmate inside (I/M Davtyan, Armen Bkg #1539430) that this was his last chance to allow himself to be handcuffed and come out peacefully. Inmate Nunez refused to comply with my directions, stating, "Fuck you!". He made no attempt to come to the cell door to be handcuffed. I could see that the inmate had covered himself with his mattress to shield himself against any weapons we might deploy."

"Believing the suspect might have armed himself with a weapon, I directed Deputy [redacted] to fire 40mm Stinger rounds at him. Deputy [redacted] fired 2 stinger rounds at I/M Nunez' legs and feet, but they appeared to have no significant effect. The inmate

continued refusing to surrender. I then directed Deputy [redacted] and Deputy [redacted] to each deploy one stingball into the cell. After the stingball had been deployed, I ordered the cell gate to be opened and directed Red Extraction Team deputies to enter the cell and take custody of the inmate."

"As the Deputies entered the cell, the inmate stood up and took a combative stance, facing the Deputies, to fight. Shield Deputy [redacted] pushed the inmate against the back of the cell and took him down to the floor. While on the floor, the inmate then began punching and kicking, resisting the deputies efforts to handcuff him. I gave the inmate several orders to stop fighting with the Deputies and allow himself to be handcuffed. Deputy [redacted] punched the inmate twice in the face with his right fist in an attempt to subdue him. The inmate continued to be violent and fought, striking out with his hands and feet. Deputy [redacted] punched the inmate two additional times in the face with his right fist in an attempt to subdue him. Deputy [redacted] struck the inmate in the legs with his knee to stop him from kicking. Deputy [redacted] also punched the inmate in the rib/stomach area in an attempt to overcome his assault and resistance. Deputy [redacted] took hold of I/M Davtyan's feet to control his kicking. Inmate Davtyan continued to resist and be assaultive. I ordered Deputy [redacted] to deploy the taser. Deputy [redacted] tased Inmate Davtyan with six contact activations to his right thigh, which had no effect. I directed Deputy [redacted] to continue tasing I/M Nunez and also directed Deputy [redacted] to activate his taser until the other Deputies were able to handcuff the fighting inmate. Deputy [redacted] tased the inmate with 5 contact activations to his right buttock, while Deputy [redacted] administered a contact activation to I/M Davtyan's lower back. I/M Davtyan continued fighting while being tased, but the two tasers incapacitated him enough to be handcuffed bv Deputy [redacted]"

"I/M Davtyam was then removed from the cell and taken out onto the row. While handcuffed and being escorted off the row, I/M Davtyan began struggling against the Deputies, and kicking his feet. Deputy [redacted] then ordered the inmate to stop fighting and gave a (right)knee strike to his right leg to stop his kicking. I/M Davtyan was then escorted off the row. The entire Red Extraction Team then exited the row and went out to the 3000 floor hallway."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

19. Extraction of **Inmate Steven Burns #1542185** by the MCJ P.M. Shift Green Extraction Team Supervised by Sergeant Cale [Exhibit B]:

"Our first extraction in Module 3300 was conducted on Inmate Burns, who occupied 3300, A row, cell 7. The Green Extraction Team staged outside of the cell. I ordered Inmate Burns to surrender and be hand cuffed. My order was ignored. Inmate Burns did not respond and he did not come to his cell gate. I could see that Inmate Burns had situated himself in the rear corner of the cell, and placed a mattress in front of him as a means of defense and concealment. He was approximately ten feet away. I could not see if the inmate was armed or not."

"Due to the fact I could not see what the inmate was doing behind the shield and the possibility that he might be armed with a jail made weapon, I directed Deputy [redacted] to fire two stinger rounds from his 40mm Multi-Launcher into the cell. He banked two shots off of the cell walls towards the inmate's lower torso. The stinger rounds were used as a diversionary device. After the shots were fired, Inmate Burns yelled as if he had been hit. The shots had no visible effect and he remained behind his defensive shield."

"I ordered Deputy [redacted] to employ a sting ball grenade into the cell as a diversionary device to distract and disorient the inmate while we made entry into the cell."

"After the sting ball grenade exploded, I gave the order for the cell gate to be opened. Deputies [redacted] and [redacted] made entry into the cell. Deputy [redacted] was armed with the shield. He pinned Inmate Burns to the rear cell wall. Inmate Burns was struggling and trying to get out of the pin. Deputy [redacted] and Deputy [redacted] took Inmate Burns to the floor. Inmate Bums was wildly punching at the deputies and trying to kick them. Inmate Burns grabbed onto Deputy [redacted] leg and tried to pull him down. Deputy [redacted] kicked Inmate Burns in the upper torso to break the grasp on his leg. Inmate Burns tried again to grab on to Deputy [redacted] leg. Deputy [redacted] kicked inmate Burns on his upper torso to prevent him from grasping his leg. Due to the confined space in the cell, that was his only means of defense. Inmate Burns continued to kick wildly. Deputy [redacted] tried to grab on to Inmate Burns' legs but his kicks were so violent he had to back away. Deputy [redacted] kicked Inmate Burns leg four times. He then grabbed Inmate Burns' leg and pulled him towards the center of the cell. Inmate Burns began violently kicking again and Deputy [redacted] lost control of the inmate's leg. Deputy [redacted] was trying to control Inmate Burns' arms. Inmate Burns was trying to punch deputies so violently, Deputy [redacted] punched Inmate Bums' upper torso three to four times. The punches had little effect and Inmate Burns continued to fight. Deputy [redacted] punched Inmate Burns two to three times on the face. During the violent altercation, I ordered Deputy [redacted] to drive stun Inmate Burns. Deputy [redacted] employed a drive stun to Inmate Burns' upper torso. The stun was not effective. Due to the violent activity and the crowded conditions Deputy [redacted] was not able to employ the taser well. He drive stunned Inmate Bums' on his upper torso again but due violent thrashing about and the crowded conditions he was unable to drive stun the inmate well. The two stuns had little or not effect on Inmate Burns.

He continued to violently fight. Deputy [redacted] then seized an opportunity to drive stun Inmate Burns' left foot. The drive stun seemed to have a positive effect and Inmate Burns slowed his violent actions. Inmate Burns was still resistive to hand cuffing. After a short struggle, the deputies were able to over power and securely handcuff Inmate Burns."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

20. Extraction of **Inmate Pedro Espinoza #1207571** by the MCJ P.M. Shift Green Extraction Team Supervised by Sergeant Cale [Exhibit B]:

"Our next extraction was conducted on 3300, A row, cell #11, occupied by Inmate Espinoza. Lieutenant Shannon advised me that the inmate was uncooperative, refused to be handcuffed, and that his negotiations for a peaceful surrender had failed. I staged the Green Extraction Team outside of the cell."

"I could see the inmate had situated himself in the rear corner of the cell, near the toilet, and had placed his mattress over himself as a means of defense and concealment. He was approximately ten feet away. I ordered Inmate Espinoza to step up to the cell gate and be handcuffed. Inmate Espinoza did not verbally respond to my command and he did not step up to the cell gate. He remained in his shielded position in the corner of the cell."

"Due to the fact I could not see what the inmate was doing behind the shield and the possibility that he might be armed with a jail made weapon, I directed Deputy [redacted] to fire four stinger rounds from his 40mm Multi-Launcher. Deputy [redacted] banked the shots off of the cell walls towards Inmate Espinoza's lower torso. The stinger rounds were used as a diversionary device. Although Inmate Espinoza yelled after one of the stinger round was fired, the rounds seemed to have no effect on him. He remained concealed behind his mattress."

"I directed Deputy [redacted] to employ a "sting ball" grenade into the cell as a diversionary device in order to distract and disorient the inmate while we made entry into the cell."

"After the sting ball detonated, I gave the order for the cell gate to be opened. Deputies [redacted] and [redacted] immediately entered the cell. [redacted] was armed with the entry shield and he was the first to enter the cell. He encountered Inmate Espinoza in a fighting stance with pieces of foam rubber and newspapers made into armor and wrapped around his upper torso. [redacted] attempted to pin Inmate Espinoza against the cell wall. Inmate Espinoza

was able to avoid being pinned by moving back and forth for a short time. He threw punches at the capture deputies. One of the punches hit Deputy [redacted] on the right side of his helmet. Inmate Espinoza tried to remove Deputy [redacted] helmet. Deputy [redacted] punched Inmate Espinoza on his face several times to stop his assault. Deputy [redacted] saw the inmate's assaultive behavior and also struck Inmate Espinoza on his face. [redacted] partially pinned Inmate Espinoza to the rear cell wall. Inmate Espinoza continued to violently assault the deputies. Deputy [redacted] kneed Inmate Espinoza to stop his violent assault. Deputy [redacted] grabbed on to Inmate Espinoza's head and upper torso and pulled him towards the floor and the center of the cell. Deputy [redacted] assisted with the take down. Inmate Espinoza rolled onto his back and started punching at the deputies and kicking his legs at them. Deputy [redacted] kneed Inmate Espinoza on his legs to stop his violent kicks. I ordered Deputy [redacted] to drive stun Inmate Espinoza to stop his violent assault. Deputy [redacted] drive stunned Inmate Espinoza's upper torso two times. Due to the crowding in the cell Deputy [redacted] could not properly reach the inmate. The drive stuns seemed to have no effect. Deputy [redacted] took the taser and twice drive stunned Inmate Espinoza on his right shoulder area. The stuns appeared to have no effect, as Inmate Espinoza continued his violent assaultive behavior. At that approximate same time, Deputy [redacted] (the shield deputy) was also armed with a taser. He drive stunned Inmate Espinoza on the upper leg to stop his violent kicking. That stun also seemed to have no effect. Inmate Espinoza continued to punch and kick. Inmate Espinoza began sliding underneath his bunk. Deputies feared he may retrieve a jail made weapon to use against them. Deputy [redacted] punched Inmate Espinoza on his upper torso and facial area. Deputy [redacted] grabbed on to Inmate Espinoza's arm to prevent him from sliding underneath the bunk. The inmate pulled his arm away from the deputy. Deputy [redacted] then regrasped and pinned Inmate Espinoza's arm against the side of bed. Inmate Espinoza pulled his arm free from Deputy [redacted] again. He began punching his fists at the deputies. Deputy [redacted] drive stunned Inmate Espinoza on his lower back. Deputy [redacted] grabbed on to the underside of Inmate Espinoza's jaw. He used a pain compliance technique to prevent the inmate from sliding further under the bunk. The deputies were able to pull Inmate Espinoza from underneath the bunk, and roll him on to his stomach. The deputies over powered and securely handcuffed Inmate Espinoza. Deputy [redacted] assisted with the hand cuffing."

Each of the extraction team deputies stated substantially the same as their sergeant in their Deputy's Use of Force Reports and/or their Supplemental Reports under the same aforementioned exhibit.

IAB INVESTIGATION

A review the DVD footage of the inmate extractions [Exhibit N], coupled with approximately forty [out of forty-four] IAB interviews with deputies involved in the extractions, indicate the information on the aforementioned reports appear to be accurate and truthful. It appears that the force used in the inmate extractions by the deputies was, appropriate, reasonable and necessary to quell the assaultive inmate disturbance against Sheriff's personnel. The deputies use of force appears to be reasonable and within department policy guidelines as it pertains in dealing with uncooperative and assaultive inmates.

Each inmate was given an opportunity to surrender peacefully before and during their altercation with deputies, but they all refused. Deputies were forced to use personal weapon strikes in the form of hand punches and leg strikes to overcome the inmates combative, assaultive and resistive behavior. In many cases Tasers were used to gain the inmates compliance.

Inmates Statements

The extracted inmates refused to make any statement to the on-duty watch commander during their video taped interviews [Exhibit O] in regards to how they acquired their injuries. Their responses varied from being unaware on how they received their injuries to indicating they received their injuries from either falling off their bunks or slipping while exercising. They also refused to make any statements on the night of the incident to the two IAB Sergeants and Lieutenant.
